Qualifi Level 2 Diploma in Business Beginners in Cyber Security

Course Overview

The Qualifi Level 2 Diploma in Business Beginners in Cyber Security The programme provides the opportunity for individuals to forge a career in a specific area of business by seeking a greater knowledge and understanding of cyber and information security, and to support the individual's development into senior positions.

This basic course is most suitable for executives and managers who are required to use business computers, mobile devices and Wi-Fi-enabled technology in a safe and secure manner that helps to protect their equipment, their business, their colleagues and themselves.

Mandatory Units

- **Cyber Security: What is 'Hacking'?**
- **Cyber Attack Methods**
- **Computer and Data Use : Laws and Regulations**
- **Mobile Device and Data: Security Issues and Risks**
- **Cyber Security Solutions**

Progression Pathways

Upon completing this Level 2 diploma, learners can progress to the Qualifi Level 3 Diploma in Cyber Security Management and Operations.

Learners can also step directly into employment in an associated profession.

Entry Requirements

Entry to the qualification will be through centre interview and learners will be expected to hold qualifications at Level 1 and/or work experience in a business environment.

Learners may also have a Level 2 qualification in another discipline.
