Course Overview

The Qualifi Level 3 Diploma in Cyber Security Management and Operations programme provides the opportunity for individuals to forge a career in a specific area of business by seeking a greater knowledge and understanding of cyber and information security, and to support the individual's development into senior positions.

This qualification is especially designed for organisational executives and leaders who are tasked with responsibility for cyber security, digital risk management, or the oversight thereof. The qualification is made up of six units. All units are mandatory for learners.

Mandatory Units

- **Threat and Risk: Expecting the Unexpected**
- **Network Architecture: Communications and Protocols**
- **Mobile Device and Data Risks**
- **Investigations and Incident Response**
- **Solutions: Future-Proofing your Business**
- **EU GDPR & Data Security**

Progression Pathways

Upon completing this Level 3 diploma, learners can progress to the Qualifi Level 4 Diploma in Cyber Security.

Learners can also step directly into employment in an associated profession.

Entry Requirements

Entry to the qualification will be through centre interview and learners will be expected to hold qualifications at Level 2 and/or work experience in a business environment.

Learners may also have a Level 3 qualification in another discipline.

"Qualifi has helped me to progress & complete my higher studies in a short time period and it's so flexible to study. I've gathered a lot of knowledge and I'm so thankful to everyone who helped at Qualifi."
