

# Qualifi Level 5 Diploma in Cyber Security

An Ofqual Regulated Qualification

An Ofqual Recognised Awarding Organisation

# Qualifi Level 5 Diploma in Cyber Security

Qualifi is a leading 21st-century awarding organisation founded to meet the developing education and training needs of learners and employers from the UK and around the globe.

As a recognised UK awarding organisation, regulated by Ofqual, Qualifi is able to give assurances to employers, centres and learners of consistent, rigorous, quality standards and valid, valued learning.

## Message from Dr Penny Hood - Chair Governance Council

I warmly welcome you to our global academic community, of which you are now an important member. Qualifi will ensure your access to the first class education needed to achieve your goals and dreams and to maximise future opportunities. May I take this opportunity to wish each of you success and enjoyment on your academic journey.

## Message from Jason Goodyear - Chief Executive Officer

Whether you are a learner, employer or centre, I want to personally welcome you. In partnership with employers and learning centres, Qualifi helps learners develop the knowledge, skills and abilities needed for success in the 21st century. Thank you for choosing Qualifi to lead you on this learning journey.

## Progression Details

The Level 5 Diploma in Cyber Security is accredited at Level 5 with a total equivalence of 120 credits. It is envisaged that learners completing the Level 5 diploma will progress to the final year of an undergraduate degree.

“Qualifi is our proud partner helping shape a brighter future in global education, that empowers progress through better education for learners from all communities. Their practical approach to assessments and learning material are key to building skills and to progressing in one’s career.”

**Dr. Saleem Afzal**

*City University College of Ajman*

# Qualifi Level 5 Diploma in Cyber Security

## Course Overview

The Level 5 Diploma in Cyber Security programme provides a career path for learners who wish to develop their core capabilities within the cyber security and risk management sector.

This Level 5 qualification is potentially unique because it is about 'cyber security' as a workplace management discipline. It is therefore a semi-technical qualification that examines technical cyber security measures as well as the management, project management and leadership skills required to organise internal and external business responses to major incidents.

The programme utilises many case studies from business organisations and embeds isomorphic learning into its technical education.

## Mandatory Units

- Cryptography
- Digital Investigations and Forensics
- Communications and Incident Management
- Strategic Leadership

## Progression Pathways

Upon completing this Level 5 diploma, learners can progress to the final year of an undergraduate degree. Learners can also step directly into employment in an associated profession.

## Entry Requirements

Learners will be expected to possess qualifications at 4. Learners may be expected to have some technical and risk management work experience in a computing or security business environment.

Learners may also possess a Level 5 qualification in another discipline.

“Qualifi has helped me to progress & complete my higher studies in a short time period and it’s so flexible to study. I’ve gathered a lot of knowledge and I’m so thankful to everyone who helped at Qualifi.”

**Student**  
*City University College*

## Learning Outcomes

The learning outcomes of the diploma are:

- **The ability to read** and utilise relevant technical and security literature.
- **Applying subject** knowledge & understanding to address familiar and unfamiliar problems.
- **An appreciation of** interdisciplinary nature of cyber security within business provision.
- **Instil a sense of** respect and understanding of the global nature of the cyber threat environment.

## Career Opportunities

Primary areas of employment include:

- Security Consultant
- IT Security Analyst
- Ethical Hackers
- Computer Forensics
- Penetration Tester
- Security Systems Administrator

“Qualifi awarding body is very practical and useful for managers to tackle a variety of the problems in the real corporate world. The contents are accredited by OfQual and it is evident how a UK qualification is worthwhile “

**Dr.Motohiro Kita**  
*CEO of ExeJapan*
